PROFILE

Respectful and enthusiastic, with background in Graphic Design, interested in IT and everything about it. I am fascinated by web programming. Recently completed Zero to mastery courses and TechWoman Mentoring Program in Web Development, where I gained experience of working in this area and I am keen to gain more experience in the field. For this reason, I am looking for a company willing to offer me a placement among their developers. In return, I would offer my full commitment, and be a pleasant and friendly addition to your team. Very passionate about aesthetics and UI design. I am therefore currently looking for a job or an internship as a front-end developer.
